Hello everyone,

as you can see i uploaded the next chapter
thanks for the nice comments about my amateur work :)

I won't be able to upload the next chapter anytime soon because i have exams very soon but i'll probably try 'translating' the next chapter after that.

For the people who offered help or recommended that i should seek out some cleaner/proofreader thank you for the tips and help but i'm doing this purely for amusement. I don't want to put much work into this. This probably all sounds rude and such and I don't mean it that way but I'd rather continue doing this at my own pace/on my own. I'm more of a loner ^^. If there are still people out there who want to do something maybe you can work together and create a good translated work.

Still thank you very much everyone, I really mean it

Have fun reading and a good day to you all.

Axel! Don't say such rude things
¡¡Juke se ha transformado en un unicornio!!

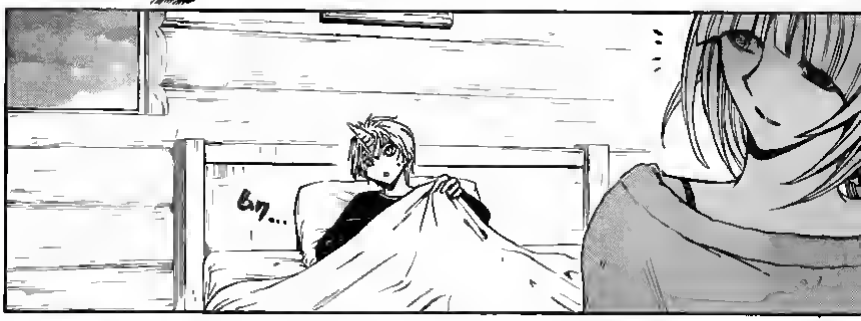
We are not
your enemies

Amazing, Mira.
.....
Let's go to a safe place, quick
That worked out faster than expected
You've made her mad.
You have to treat him more gently
He is still a child...

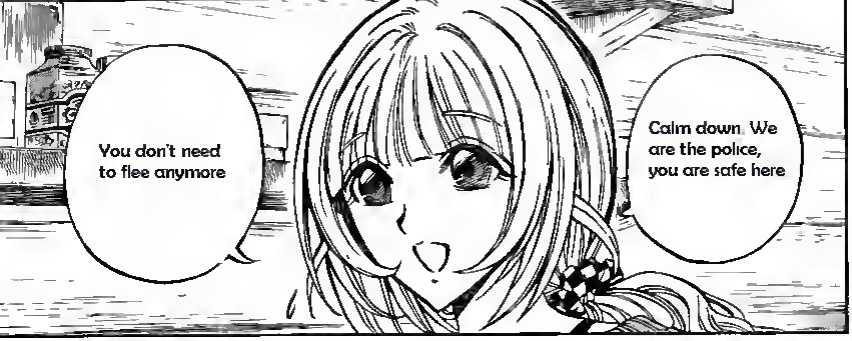
Umm...



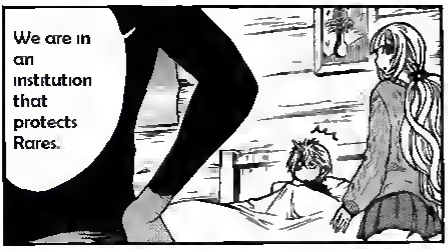
Um...

Who are you?
.....

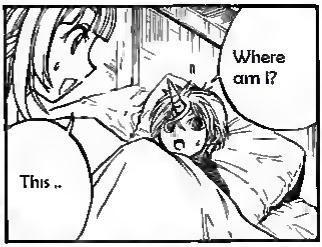
You're awake? It seems you're well.



You don't need to flee anymore
Calm down. We are the police, you are safe here



We are in an institution that protects Rares.

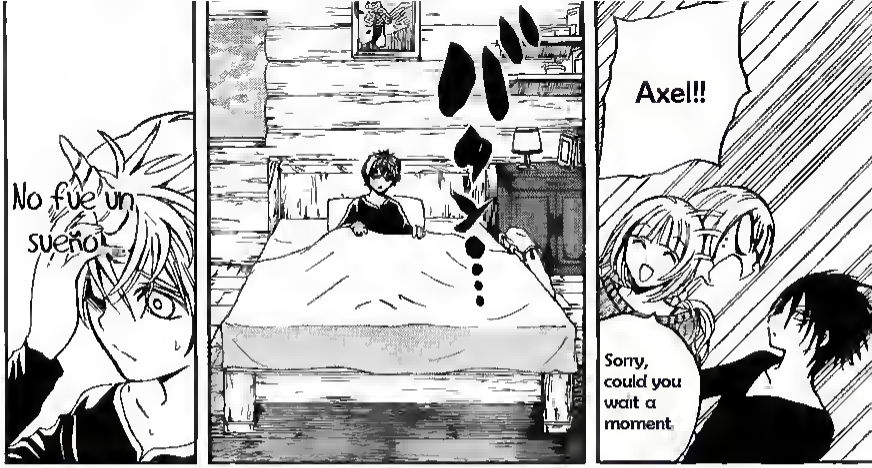


Where am I?
This ..

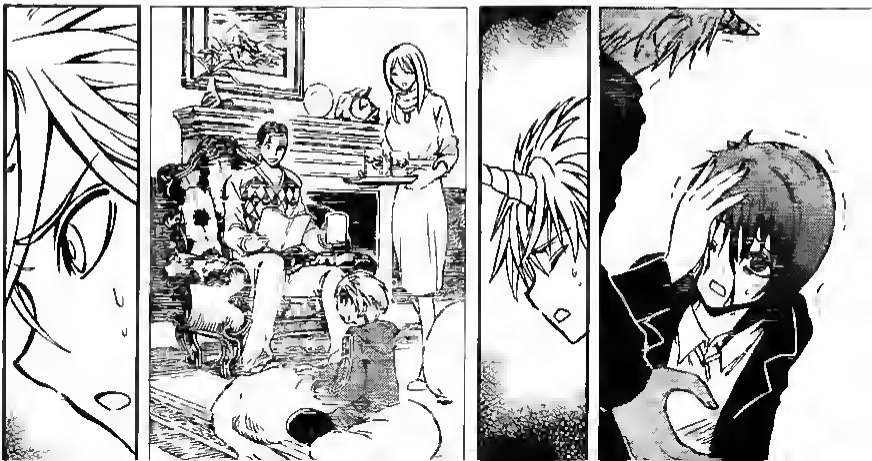
Or is it that even your parents did not know it?
Are you adopted?

Axel...
Did your parents not tell you? Is it the first time that you've changed?

Let's get straight to the point, you're a Unicorn.



*It was not a dream...



I however have spent my whole life confined in a room!
Since you are strong, you have never been treated bad or am i wrong?!
What's the matter, Mira? We were talking about something important...
If it is true that he was adopted... It's normal for him to know nothing at the moment.
That boy was a human... And he suddenly wakes up in a world in which no one accepts him.
From now on he has to live with it.
If he is a man... he will have the need to test his own strength.
Eh?
Who knows... On the contrary, maybe what he wants is to "know".

Juke...?
ガチャ

Don't worry, this will calm you down.
Doctor, what is that?

As a physician, you have to do everything you can for a patient.
It is nothing.
Thank you.

Ah... life is truly valuable. Good...

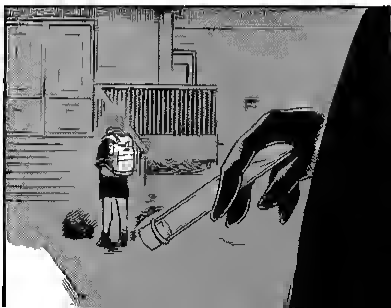
Let's go get the last ingredient.

*Normal... Even I got scared when I suddenly turned...

*They were all scared.

*What am I have to know to be able to move forward.

*Dad, Mom... I want to know the truth.



NO...

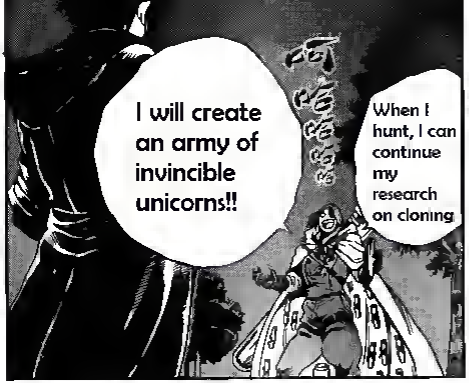
¿Quién ha sido...?
*Wh-? Who was...?
Ah...
It's the boy from the video.

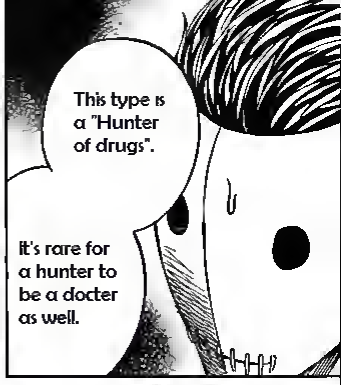
Your hair is effective against any type of illness.
I'm not as dumb as the other hunters.
If I hunt you, I will have to give explanations to the law.
Right now I have no intention of killing you.
What's the matter? I'm only going to take a little.
UUUUWAAAAAAHH!!
Eeeeh?!!
Can I take a little bit of skin as well?

Stop!!
!!
Explosives... Good strategy.

Este tipo es el de antes*
Ah
*This person is... from before ...
That's why I don't like kids. Always running away.
You see...
What are vampires fast!
This guy...
!?
Oh!
スタ

Isn't that doctor Hiruma?
Exact.
Médi-co...?!
*Doctor?
Although that is only a part of my job.
Did you know?
In the hospital there are a lot of patients who want to buy his life.
And his blood can cure heart diseases.
The liver of a unicorn can cure cancer.
Am I...?
a cure?





*create? a cure...

Certainly, if it's a Unicorn, it is worth getting your hands dirty for...
I came here thinking about what kind of hunter I would find...

Why do they come after us?
Why do they fear us?
Everyone will give you the same answer: "Our power".
You will understand why they are afraid of us...
Right now.
So that there comes the day in which we can be free...
.....
Idiot.

to protect the boy he releases a very old form!
